## PRESIDENT COOLIDGE HITS BACK AT CRITICS

### DEFENDS U. S. ENTRY IN THE WORLD COURT

DENIES COUNTRY WAS BEING LED INTO LEAGUE OF NATIONS

REASSERTS HIS DESIRE FOR A SPEEDY ARMS CONFERENCE

Washington, Feb. 2. — (UP) — President Coolidge, through his White House spokesman, hit back today at critics of his administration's foreign and domestic policies. He defended American adherence to the world court, denied that this country was being led into the League of Nations, reasserted his desire for a speedy arms conference, maintained that the national defense is adequate and insisted that the regular departments of government are functioning well.

The spokesman warned that this is the season of the year when selfish political motives often underlie criticism of the party in power and mentioned especially the charges that the administration is trying to take the country into the League through the back door.

The administrative branches of the government are functioning well and business conditions are good, the spokesman said in apparent answer to charges of inefficiency in administration of the justice department, prohibition enforcement and alleged interference with the tariff commission and other independent agencies.

All questions of law violation are being and will be examined and will be attended to, the spokesman said. In making his sweeping defense, "the spokesman" departed from his customary practice of answering specific press questions and instead spoke from carefully prepared notes covering the general domestic and foreign situation.

In the president's opinion, adherence to the world court is evidence that the U. S. does not desire to join the League. He holds there is a wide difference between the court and the League of Nations covenant as set forth in his message to congress.

On the other hand the president laments the effort of certain groups to interpret American adherence to the world court as little or no significance. He thinks such adherence will be very helpful and will be accepted by other nations as a desire of the government to depend upon arbitration and international law.

In line with the president's recent public speeches the spokesman criticized army and navy groups who charge that the defenses of the country are in serious condition through failure of congress to furnish large defense appropriations. The president wants the public to discount such statements and accept his statement that the defenses are adequate. He believes the \$4,000,000,000 appropriated in the last six years have been wisely expended and resulted in an adequate army and navy.

### ROBERT SCOTT REQUISITIONED FROM CALIFORNIA

Springfield, Ill., Feb. 2. — (UP) — Gov. Len Small today signed requisition papers for the return from California of Robert Scott, wanted in Chicago for the murder of Joseph Maurer, Chicago drug store clerk. Scott is held in the San Quentin, Calif., prison.

### EDITH KELLY GOULD DROPS SUIT AGAINST HER FORMER HUSBAND

Paris, Feb. 2. — (UP) — Edith Kelly Gould, actress, today dropped her suit in a Paris court against her former husband, Frank J. Gould, whereby she sought to recover half of the fortune he possessed on the day of the dissolution of their marriage. At the same time she renounced the use of the name of Gould in her professional work.

### CHARGED WITH SENDING THREATENING LETTER TO PRESIDENT

Rockford, Ill., Feb. 2. — (UP) — Charged with sending threatening letters to President Coolidge and other prominent persons, Gottard Stromberg is held by authorities today. Postal inspectors arrested Stromberg last midnight. Stromberg sent letters through the mails to officials of the state of Michigan and prominent residents of Chicago also received the missives, authorities said. He is believed demented. Names of other persons to whom Stromberg mailed threats were not disclosed.

By PAUL R. MALLON (United Press Staff Correspondent)

Washington, Feb. 2. — The coalition of republicans and democrats that crushed minority opposition to the world court today began to exert its power on the independent minority fighting the tax reduction bill.

Chairman Smoot of the senate finance committee, announced the senate would be kept in session an hour longer tonight, that opponents of the bill will have to debate or vote, and that additional pressure would be brought to force within 10 days.

Smoot intends tomorrow to move up the time of convening one hour and if the debate has not progressed satisfactorily by the end of the week night sessions will be sought. If these prove unsuccessful in bringing the minority to vote cloture will again be discussed.

The minority, led by Senators Norris, Nebraska, republican, and Coughlin, Michigan, republican, is angry over developments. Norris prevented an agreement to meet an hour earlier today and charged that the majority was attempting to "steam roll" the minority into submission. Both said they would object to such procedure as far as they were able but the majority has the votes to compel submission.

Washington, Feb. 2. — Administration republicans won the first bill today when an amendment was adopted, increasing the corporations' income tax to 13 1/2 per cent.

The amendment, which was recommended by the finance committee, was approved 42 to 35.

### DULUTH TO VOTE ON RETENTION OF COMMISSION FORM

Duluth, Feb. 2. — (UP) — Voters in November will be given an opportunity to decide whether Duluth is to retain its present commission form of government or shall adopt the mayor-council, or old aldermanic form of rule, it was announced by the city charter commission.

### PAROLE AND PARDON SYSTEM ON THE GRILL

C. J. SWENDSEN RECOMMENDS BOARD REORGANIZATION

NONE OF NEW BOARD SHOULD HOLD ANY OTHER STATE OFFICE

St. Paul, Feb. 2. — (UP) — While strongly defending the system of parole and pardons now prevailing in Minnesota, C. J. Swensen, chairman of the state board of parole, appearing before the state crime commission investigating recent paroles, Monday, recommended reorganization of the board with certain restrictions.

Among these were: Appointment of a parole board consisting of three members named by the governor. Two of these to be citizens willing to devote part of their time in investigating of applications for parole or pardons, and to interview applicants each month. The third member to devote full time to the work.

Swensen recommended that none of the new board should hold any other state office.

Heads of penal institutions should not be members of the board, he said. But should act merely in an advisory capacity.

Rev. H. C. Swearingen, St. Paul, senior member of the parole board, voiced similar sentiments, admitting there should be some restrictions of certain powers now exercised by the board.

After questioning members of the parole for almost three hours the state crime association adjourned at 5 P. M. until the first Monday in March when another meeting will be held. In the meantime, however, further investigation of parole and pardons in Minnesota, will be conducted by the commission.

Five committees were named at the conclusion of Monday's session to deal with different subjects. One consisting of Dr. C. A. Prosser, head of Dunwoody Institute, Minneapolis; Rev. Father Thomas E. Cullen, president St. Thomas college, and Judge Bert Fessler, Duluth, will undertake to raise \$5,000 for paying expenses of the commission hearings.

Other committees and the subjects they will investigate are: Detection and Apprehension of Criminals—Judge J. F. D. Meighen, Albert Lea; Judge W. S. McClenahan, Brainerd; Rev. J. A. C. Stub, Minneapolis; Lieut. Gov. W. I. Nolan, Minneapolis; E. G. Hall, Minneapolis, president Minnesota State Federation of Labor.

Criminal Laws, Prosecution and Practice—Judge Bert Fessler; Judge Julius E. Haycraft, Fairmont; Sen. F. E. Putnam, Blue Earth; Judge O. B. Lewis, St. Paul; Rep. Albin S. Pearson, St. Paul; Judge Andrew Holt, state supreme court.

Punishment of Crimes, Pardons and Paroles—Joseph P. O'Hara, Glencoe, state commander American Legion; Ernest Fraser, Law College dean, University of Minnesota; Dr. Frank Nelson, president Minnesota College, Minneapolis; Bishop Chas. E. Locke, St. Paul; Judge H. D. Dickinson, Minneapolis; Mrs. W. J. O'Toole, St. Paul.

Criminal Records and Statistics—Dr. C. A. Prosser, Mrs. T. G. Winter, Minneapolis; Rev. Father Thos. Cullen, St. Paul; H. Z. Mitchell, Bemidji, president Minnesota Editorial association; Rep. John A. S. Johnson, Preston, speaker of the state house of representatives.

Heads of police departments in St. Paul, Minneapolis and Duluth were invited to attend the next meeting of the commission and give information dealing with the different criminal subjects under investigation.

At later meetings representatives will be invited of the state associations of county attorneys, district court judges, detectives and other organizations which offered to cooperate in the work.

### MANY FILE FOR COUNTY COMMISSIONER

Duluth, Feb. 2. — (UP) — Applications for four range residents are on file here as candidates for county commissioner of the sixth district to succeed D. N. Mackenzie, Virginia, present incumbent. Mackenzie, although not yet formally announced as a candidate, is expected to file for re-election.

Those filing are: N. B. Shank, Biwabik; Axel Gill, Mountain Iron; E. T. Sandberg, Aurora, and Charles Pentilla, Virginia.

Primary elections will be held June 21 and the general election in November.

### SAYS U. S. IS HOTBED FOR LOT OF CULTS

Madison, Wis., Feb. 2. — (UP) — The United States is the hotbed of European bolshevism, radical socialists, I. W. W.-ism, anarchism—all of them the offspring of economic unrest, A. A. Everingham, Illinois Farmer's institute, told Wisconsin farmers here last night.

The meeting was the evening session of the first day in the annual "Farm Folks Week" which is being held here this week by the University of Wisconsin department of agriculture.

Everingham spoke on "The Balance Wheel of Democracy."

"I do not believe," Everingham said, "the country stands in any danger that an individual or a family will seize the reins of government and establish an autocrat dynasty over us, but I do think we may be in some danger that a class of individuals organized for a particular purpose and following a particular line of endeavor may attempt to seize the reins of government and through class legislation cause the government to function for the particular benefit of the class rather than for society as a whole."

"Such an aristocracy, however, is just as repugnant to ideas of fair government as that of a king, an emperor or a czar."

### JURY SAYS THE GIRL WAS CHOKED TO DEATH

DAVID L. MARSHALL, CHIRO-PRACTOR, CONFESSED SLAYING ANNA MAX-DIETRICH

NOW HELD WITHOUT BAIL TO AWAIT ACTION OF GRAND JURY

By CYRIL G. MORAND (United Press Staff Correspondent)

Philadelphia, Feb. 2. — David L. Marshall, chiropractor, confessed slayer of Anna Max-Dietrich, today was held without bail to await the action of the grand jury. The coroner's jury, after hearing witnesses brought in a verdict of "death by compression of the throat."

District Attorney Charles Edwin Fox, who personally prosecuted the case, indicated he would take it immediately before the grand jury and submit evidence for return of a first degree murder indictment.

Just before the inquest Marshall's wife met him for the first time since the arrest and bestowed forgiveness upon him. Sombre drama was enacted as they met in a dimly lighted ante room of the coroner's office.

On the woman's face was the pallor of death. Her red hat was awry. Her dark cloak was wrinkled. But she did not care for appearance. Her lips were trembling and her eyes moist.

Marshall was led into the room by a guard of Moymensing prison. The chiropractor, who, after the murder, for days kept his nerve and was smiling and debonair, was far from chipper today.

Newspapermen were hustled from the ante room. As they left they heard an anguished cry: "Oh David, David, what have you done?"

Then one stifled word: "Jennie." And that was all so far as the outside world shall ever know. It was scarcely a minute before Mrs. Marshall, her body tortuously wracked by sobs, emerged from the room. She went to the inquest chamber and waited for her husband's case.

The halls surrounding the coroner's office were blocked solidly with the curious. All eyes were upon Mrs. Marshall, who before the meeting reiterated her intention to stand by her husband, no matter what the penalty for his act might be.

### DISABLED AND WATERLOGGED CRAFT IN PERIL

San Francisco, Feb. 2. — (UP) — Disabled, waterlogged and lashed by a hurricane, the five masted schooner Eccla, Captain Pederson in charge, flashed appeals for help today as she floundered in heavy seas off Point Cabrillo, northern California.

While the steamer Noye struggled through the storm in an effort to reach the Eccla, efforts were being made to locate by radio the motor ship Los Alamos, which was battered away from the schooner's side during the night.

### BOTH WERE FOUR FLUSHING IN THIS GAME

SUPPOSED GOLD COAST HEIRESS AND BOND SALESMAN MEET

LATTER GIRL SOUGHT ON BAD CHECK CHARGE AND MAN AS BURGLAR SUSPECT

Chicago, Feb. 2. — (UP) — This is a tale of rosy dreams that were shattered. The plot is favorite with fiction writers, but this tale is a bit of real life.

Miss Kathryn Kelly, 20, pretty, an heiress and deeply interested in sociological study met Hubert Wesley, 26, handsome, rather distinguished in appearance, a stock and bond man also interested in seeking how the other half lives. They met in a loop dancing academy some months ago, took instant interest in each other and decided to pursue their sociological studies together.

Kathryn was fearful of what her Gold Coast parents might say if they found her meeting with Hubert had been so unconventional. Hubert had serious misgivings about his own socially elect parents and so they communicated with each other via general delivery.

They met quite frequently, Kathryn exquisitely attired, Hubert irreproachable sartorially and talked of the happiness to come when they merged their fortunes in marriage.

Early Sunday Detectives Walsh and Monaghan saw a young man acting suspiciously in front of a handsome home on the near north side. They arrested him and he gave his name as G. H. Sommerfeld, a tailor of Springfield, Ill. Inquiry developed that Sommerfeld's place had been burglarized recently. Further questioning revealed the prisoner in reality Hubert, the stock and bond man.

Hubert then admitted that he had burglarized quite a number of places.

"But don't tell anyone my name, because I expect to marry an heiress," he said. "I had to keep up a front. I made from \$200 to \$300 a week robbing places."

The detectives managed to trace the heiress to her home—which is a considerable distance from the Gold Coast. They found several checks signed "Kathryn Malloy."

Kathryn was taken to the station and charged with passing worthless checks.

"I had to do it to keep up a front, because I am going to marry a big stock and bond man," Kathryn confessed to the officers.

"We want to introduce you to a gentleman," Walsh and Monaghan told her and they did.

Hubert, somewhat the worse for wear stared in amazement. Kathryn returned the wide-eyed stare and then froze.

"Four flushing," she commented bitterly.

"Four flushing," echoed Hubert.

### RACINE MAN QUESTIONED BY KENOSHA POLICE

Kenosha, Wis., Feb. 2. — (UP) — Local police today continued questioning a Racine man, held here, in connection with the murder of Madeline Latimer and James Sears, near here last October, after the man's wife told police he had given her all the details of the double slaying, shortly after the bodies were found.

The woman spent several hours in the district attorney's office here yesterday, telling what she knew about her husband and according to police gave damaging testimony which they admit is not very convincing. The man when questioned emphatically denied having had any connection with the crime and declared:

"You fellows have the wrong man. I did not do it and I do not know who did."

He was unable to explain his exact whereabouts on the night of the killing.

### CHICAGO & N. W. RY. ASKS PERMIT FOR LARGE BOND ISSUE

Washington, Feb. 2. — (UP) — The Chicago & Northwestern railroad applied to the I. C. C. today for authority to issue bonds approximately \$27,788,000. A total of \$5,031,000 will be used to reimburse the treasury of the road for expenses for betterments; \$18,622,000 will be used in retiring, exchanging, refunding or paying off existing indebtedness and the remainder will be used in paying off existing bonds of the Princeton & Northwestern railroad and the Peoria & Northwestern railway.

### WORLD WAR VETERAN RAISED COMPENSATION

Kansas City, Mo., Feb. 2. — (UP) — James Carney, 38, world war veteran of Baraboo, Wis., was sentenced today to serve one year and one day in the federal penitentiary at Leavenworth, for raising his compensation voucher from \$9 to \$90.

### NEGRO TRIED AND SENTENCED TO HANG MARCH 5

WAS CHARGED WITH MURDERING THREE AND ATTACKING WOMAN

1,000 ARMED SOLDIERS ON GUARD TO PREVENT POSSIBLE RIOTING

Lexington, Ky., Feb. 2. — With all the weapons of modern warfare on guard outside the court house, Edward Harris, negro, was tried today and sentenced to hang March 5 on charges of murdering Clarence Bryant and his two children and attacking Bryant's wife.

Within 15 minutes after the bailiff's gavel descended and court was opened Harris had pleaded guilty to the murder charge, was found guilty of rape and was sentenced to hang.

Immediately after sentence was pronounced Harris was taken back to Frankfort prison under the guard of 1,000 armed soldiers to prevent possible rioting.

Lawyers and newspapermen, the only persons outside of court officials permitted in the court house barrier, were held for 10 minutes to give Harris a start. He was bundled from the court house into the automobile of James A. Kehoe, state adjutant general, and the car leaped away for Frankfort, 50 miles away.

Through the barrier of guards surrounding the court house square, past the machine guns and sharpshooters on guard in Lexington's streets, the convoy raced.

On past the squads that barred the city to all visitors and out on the road for Frankfort dashed the car.

Frankfort, Ky., Feb. 2. — Edward Harris, under sentence to hang, was returned here safely today at 10:25 A. M. despite threats of mob violence.

### TRY HARD TO COME TO AN AGREEMENT

REPRESENTATIVES OF ANTHRACITE MINERS AND OPERATORS CONFER

EXPECT NEW PLAN TO LIFT THE HARD COAL MINING SUSPENSION

By PAUL W. WHITE (United Press Staff Correspondent)

Philadelphia, Feb. 2. — Representatives of anthracite miners and operators returned to Philadelphia today for a desperate effort to build from the wreckage of blasted proposals a new plan to end the hard coal suspension.

During the two days' respite in negotiations, not a single caucus has been held on either side, however, and the dozen men upon whom depends an uninterrupted supply of anthracite in the next five years admittedly were without definite course of procedure.

A spokesman for President John L. Lewis of the miners, who has remained here since Saturday, told the United Press the miners would have no new proposition to submit. The operators are to hold a meeting prior to the joint session, but that either of the sides will consider retrenchments from their previous stand is considered doubtful.

Secretary James Morgan of the joint conference found peace talk had fallen like snowflakes during his absence. He had in his mail numerous resolutions drawn by economic, religious and municipal organizations, scoring the strike which was costing industry \$83,000 an hour.

Although new proposals are pouring in by the score, none of them is believed to advance an idea which will reconcile the divergent views of the miners and operators. The dead lock will continue until one side or the other retreats from his position on arbitration of wages or disputes arising within a five year contract.

The joint conference will meet at 1:30 P. M.

### TO LINK ALL CAPITALS OF STATES OF NATION

BILL INTRODUCED BY REPRESENTATIVE HOLADAY, ILLINOIS

PROPOSES ROUTES WITH A TOTAL MILEAGE OF 53,000 MILES

Washington, Feb. 2. — (UP) — Construction of a nation wide system of highways which will link the national capital with state capitals and important cities throughout the country was proposed in a bill introduced in the house today by Representative Holaday, republican, Illinois.

Holaday said his proposal was identical to the plan adopted by the state of Illinois, "which resulted in the splendid system of hard surfaced roads there now."

He proposed routes with a total mileage of 53,000 miles.

The measure authorizes the issuance of \$3,000,000,000 of United States bonds to finance the construction and taxes on automobiles and gasoline to be used in the payment of interest and principal on the bonds.

Roads to be constructed under the bill would range in width from 18 to 40 feet for at least 40 miles out from any city over 200,000 population. Belt roads may be constructed around large cities to divert through traffic from congested areas.

The measure proposes an annual tax of not less than \$10 on motor vehicles operated for hire and \$3 a year on all other motor vehicles, operated under the proposed system, together with a tax of one-half a cent a gallon on gasoline.

Construction of the highway system, Holaday says, would inspire the various states to build local hard surfaced roads connecting with the system. He said the system would aid the farmers in marketing products and relieve the congestion of railroads.

"With hard surfaced roads available," Holaday said, "motor transportation and the short haul railroad facilities will become available for long distance hauling."

"It is a good business proposition for the motor vehicle owners to pay the tax proposed in the bill in order to have available for their use, hard surfaced roads."

"A nation wide system of hard surfaced roads is a vital factor in our plans for national defense."

### PUBLIC HEALTH LIBRARY PLANNED

Duluth, Feb. 2. — (UP) — Directors of the St. Louis County Public Health association Monday voted to start a public health library and to conduct dental clinics in rural districts of the county. It was also voted to establish a health camp for undernourished children.

### INVESTORS IN EAST NOW SHY OF WISCONSIN

Milwaukee, Feb. 2. — (UP) — Investors in the east consider it dangerous to have property in Wisconsin.

This was the statement of George P. Miller, counsel for the First Wisconsin National Bank here and intimate friend of the late John I. Beggs in the hearing before Judge Michael S. Sheridan on the request of special administrator N. B. Nellen for return of \$15,000,000 worth of securities alleged to have been removed from Milwaukee.

Miller's statement came as the climax of a court session which was marked by a series of developments the leading being an announcement that Judge J. J. Gregory had issued a restraining order "tying up" the administration of both the John I. Beggs estate and the John I. Beggs investment company. Pending a hearing on this restraining order on Feb. 27 all corporations in which Beggs or the Beggs investment company held stocks are also restrained from transferring in their books any shares of stock. They are also restrained from paying any dividends on the stock held by either the Beggs estate or the Beggs investment company.

E. F. Gates Arrives From Beloit, Wis., to Take Charge

## ACTIVE CIVIC WORKER

New Owner Has Good Record in Civic And Club Work at Beloit

Brainerd today extends a welcome to Mr. and Mrs. E. F. Gates, who have come from Beloit, Wis., to take over the H. F. Michael Co. store. They arrived in the city yesterday, and are delighted with the prospects of making their home here.

Mr. Gates is an experienced dry goods man, having been raised in the business. His father and family are old dry goods people, his father being for 19 years with the John V. Farwell company of Chicago. Later the family moved to Fort Dodge, Ia., where E. F. Gates got his start in the business.

Besides his store in Brainerd, Mr. Gates will continue two stores in Montevideo, which he has owned for seventeen years. Mr. and Mrs. Gates lived at Montevideo for nine years, owning a dry goods store and a furniture store. They moved to Beloit, Wis., nine years ago, to be nearer the Chicago markets.

Mr. Gates has been an active worker in civic and club life. He was a member of the Kiwanis club of Beloit, and on the board of the Chamber of Commerce. He served as president of the Commercial club of Montevideo while living there. He belongs to the Masonic orders, and is a thirty-second degree Mason. They are members of the Congregational church.

Mrs. Gates has taken an active share in her husband's business. She works in the store with him much of the time, and also has been diligent as a club worker. She was head of the Beloit Federation of Women's clubs. Twice yearly she goes to New York to do the buying for the firm.

The policy of the store will remain unchanged, Mr. Gates states that his endeavor will be to continue along

the lines built up by Mr. Michael. He plans to carry a complete stock of high class dry goods in the lines represented. The interior of the store will be altered, to make possible the addition of \$12,000 worth of fixtures which Mr. Gates is bringing with him from Beloit.

At present the store is closed for final inventory, after which Mr. Gates states that he will conduct a clean-up sale, to prepare for the introduction of a fresh stock of spring goods. With him comes an experienced window man, Elmer Fisk, who will have charge of the window displays of the store.

The citizens of Brainerd are glad to bring a cordial greeting to these new residents, and it is hoped that they may quickly be made to feel at home in our city.

Mr. Gates this morning completed the purchase of the building, which is known as the Beare block. The purchase was made from Markowitz Brothers, of Minneapolis, who formerly conducted a clothing store in Brainerd. Mr. Gates states that he does not contemplate any alterations to the building at this time, except in the interior of the store.

## DEAF FATHER IS TO HEAR DAUGHTER

Experiment in Radio to be Tried Out in Seattle Shortly

BRITTONS ONCE LIVED HERE

Franklin W. Britton, Twin Brother of F. J. Britton of Brainerd

A Seattle paper gives this account of an experiment by which a father, deaf for 20 years, will hear his daughter's voice by radio. Franklin W. Britton of Seattle is a twin brother of F. J. Britton of Brainerd and lived here at one time. His daughter, Miss Helen M. Britton, attended high school in Brainerd and university in Washington and has become an advertising and business expert. The Seattle paper's story follows:

Franklin W. Britton, a Seattle contractor, who has been almost totally deaf for nearly a quarter of a century, will hear his daughter's voice about 7 o'clock Friday evening, for the first time in more than 20 years. Mr. Britton lives at 7002 18th ave. N. E. His daughter is Miss Helen M. Britton, secretary of the Seattle better business bureau.

Some days ago, while the Brittons were enjoying a radio concert from a loud speaker in their home, Mr. Britton was lamenting the fact that he could not hear the music. A clever young friend arranged a home-made amplifier and connected it with a pair of high-powered ear-phones.

Then, for the first time in years, Mr. Britton heard voices. The first human voice he had listened to in a generation was that of a girl, unknown to him, singing in Los Angeles.

When he expressed a desire to hear his daughter's voice, Mark Wienand, studio director of KTCL, a 1,000-watt Seattle station, made arrangements for a special 10-minute broadcast Friday evening. Miss Britton will go before the microphone in the New Washington hotel studio, and talk on "Investigate Before You Invest," so that other listeners may be interested. She cannot send a direct message to her father under department of commerce rules.

Radio engineers explain that a fair percentage of deaf persons is able to hear by means of ear-phones, transmitting powerful vibrations, and through no other medium. Arthur S. Garbett, radio editor of the San Francisco Daily News and a well-known composer, had never heard his music played until radio opened the gates of sound for him. He is often heard in musical talks from KGO, the General Electric station at Oakland.

## In Seven Days Fiery, Itching Skin Gets Sure Relief

Guaranteed by All Good Druggists

Here is a surgeon's wonderful prescription now dispensed by pharmacists at trifling cost, that will do more toward helping you get rid of unsightly spots and skin diseases than anything you've ever used.

Not only does this great healing antiseptic promote rapid and healthy healing in open sores and wounds, but boils, abscesses and ulcers are almost immediately relieved and cleanly healed.

In skin diseases its action is little less than magical. The itching of Eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of barbers' itch, salt rheum and other eruptions and inflammation.

You can obtain Moore's Emerald Oil in the original bottle at any modern drug store. It is safe to use, and failure in any of the ailments noted above is next to impossible. All druggists can supply you at any time.

it was made known today at the attorney general's office here.

Attorney General C. L. Hilton today sent a message to H. L. Ekern, Wisconsin attorney general, denying reports from Chicago last week to the effect that Minnesota had decided to withdraw from the suit in favor of Chicago.

The Chicago reports intimated Governor Christianson of Minnesota had announced his decision to abandon the fight, which is now being carried to the United States supreme court.

"Governor Christianson emphatically denies the statements attributed

to him," the Hilton telegram today said.

FOR A BLIND MAN—\$50

When a man is hopelessly blind there are a number of things that may be done. One is to put him in an institution where he will be a permanent charge upon the community. Another is to dole him out alms and old clothes from private charity. Another is to give him a chance to be self-supporting.

On the outskirts of a certain city in Missouri a woman who is interested in social service discovered a blind man making brooms. His hut was dirty beyond description, and his machine so badly out of order that the brooms sold for almost nothing. The woman made some ineffectual attempts to be of service in the situation and finally enlisted the help of another woman, the local Captain of The Salvation Army.

The Captain, being of an eminently practical turn of mind, at once secured the co-operation of an expert broom-maker and together they purchased a new equipment. The expert soon had the blind man making good brooms, and through his influence secured the use of the union label. So far so good, but the Captain was not satisfied. She interested the city authorities in the proposition, and they invited her to organize a broom industry on a larger scale. She did it! One man who had been a charity patient on the town for years was employed to travel from house to house securing orders; another, who had been ordered out of town by the police and later was found beside the railroad tracks with both feet frozen, became an expert broom-maker; a woman with several children and an invalid husband was given employment which enabled her to care for her charges. And so on.

The cost of the whole enterprise, so far as The Salvation Army was called upon to invest in it, was about \$50. And by that amount a half dozen dependent folks became independent—and others are being added continuously.

The Salvation Army believes in that kind of charity. It believes in feeding the hungry, and clothing the naked, in visiting the sick, in going unto those who are in prison, in supplying the needs of the unfortunate and destitute.

"Those who serve their fellow-men in this capacity are deserving the support of all who desire to defend and advance the cause of civilization based on a common brotherhood," said President Calvin Coolidge.

## SNOW REMOVAL

The subject of snow removal is engaging the attention of public officials to a greater extent each year. The demand of motorists to keep our highways open has become pronounced in order that motor vehicles be given a road to travel on, fairly free from snow. In Brainerd our streets are wide and level and only in exceptional cases has it been necessary to resort to any form of snow removal so that vehicles could travel.

The removal of snow from our sidewalks is very essential to enable pedestrians to walk without much hindrance. Besides this feature, it is a measure of safety, as a walk covered with snow is necessarily more dangerous than one with the snow removed.

There is a city ordinance dealing with snow removal which compels owners to clean their walks or else pay the city for having them cleaned. It has been enforced in some instances, but it is our belief that the average owner prefers not to be penalized for not keeping his walk cleaned.

It is the rule, usually, that the occupant of a dwelling keeps his walk clean. Observation discloses, however, that owners of vacant property fail to keep their walks clean, due to negligence. It is our thought that each owner of property in Brainerd, or one in control of such, where there are sidewalks, should endeavor to remove all accumulations of snow this winter.

The Brainerd "snow removal" ordinance has teeth. Last year the city cleared walks at various properties, charging \$1 for 50 feet cleanup, and assessed the same against the owner's taxes. About a dozen or more were taxed, but of course they didn't tell the world about it. But the tax records will reveal the incident. The moral brought home to Brainerd people is, "Clean Your Sidewalks."

## LISTING THOSE UNFIT TO WED

IOWA appears to be taking the lead in marriage laws. Obeying a new law which is designed to raise the standard of Iowa's coming generation, state officers are preparing a list of Iowans declared unfit to marry and raise families.

This list may attain some 100,000 names, it is believed. The names will be arranged in alphabetical order and placed in the hands of county clerks who will be instructed to decline to issue marriage licenses to any persons whose names are so included.

Inmates of state institutions who may be released, persons who are or have been dependent on the county for financial help are among the first to be listed. Persons who are known to have social diseases will be added.

Iowa for years has been known as a state which raised the best hogs. The best standards in breeding were observed. If Iowa or any other state pays as much attention to the mating of humans as it does to preserving hog and cattle standards, there will be a marked improvement noticeable in the humanity which thrives within such states.

## SNOW IS NEEDED

SNOW is needed to make a Minnesota winter a complete and satisfying one. In the first place lack of winter snow robs the land of moisture required for standard crops. A winter lacking in snow spells trouble for the farmer in the coming growing season.

And there is another angle to it. Heavy snow causes more work on the railways and that in turn reacts on Brainerd by making more employment for the shopmen.

A mild winter damages the sale of seasonal goods of all kinds. A mild winter causes a man to get along as best he may with last year's overcoat, etc. Cold, snappy weather moves the winter goods from the shelves of the merchant.

Cold weather when the calendar calls for it, gives us every assurance that each season will stay in its place, and that so-called wintry stuff will not be unloaded on us in the early spring.

A snowless winter is like a high schoolgirl without her so-called school-girl complexion.

# CHOICE CONCERT GIVEN BY BAND

Brainerd Concert Band Will Present  
Well-Arranged  
Program

FEB. 3 AND 4 AT NEW PARK

Many Entertaining Features Presented For First Time  
by Band

The Brainerd Concert band will have its final rehearsal tonight in preparation for the concert which they will present tomorrow and Thursday evenings at the New Park theatre, Feb. 3 and 4. The concerts start at 8 o'clock each evening.

Aiding the band in the program will be several other groups of musical and dramatic performers. The Arcadian orchestra will play a prelude including several of the popular numbers of today. Their prelude contains six numbers.

A cornet solo by Dale Sanders, clarinet duet by Julius Peterson and Elmer Peterson, instrumental duet by Elmer and Carl Peterson, and number by the high school orchestra are parts that will be sure to please all who attend. In the interlude, Miss Helen Paine will recite "Judge Brown's Account of Rubenstein's playing." The Winkem, Blinkem and Nod orchestra, directed by Mrs. L. O. Johnson, will play.

"The Alabama Smokes" will entertain for thirty minutes with a clean assortment of fun, in singing, dancing, and jokes.

The Girl Scouts will usher. Tickets may be had from any member of the boys band, and the public is urged to attend and show appreciation to the boys for their efforts in putting forth a program of such merit.

# ROCK ISLAND IS ASKED FOR MILLION WAGE INCREASE

Chicago, Feb. 2.—(UP)—Trainmen, switchmen and conductors of the Rock Island today petitioned the railroad for wage increases estimated at \$1,000,000 a year.

The trainmen ask for increases in passenger service ranging from \$1.05 to \$1.35 a day and in freight service ranging from \$1 to \$1.18 a day, it was said.

The Switchmen's Union of North America is asking for a straight increase of \$1 a day for all classes of employees.

# TO EXPLAIN DEATH OF THEIR FOSTER SON

Davenport, Ia., Feb. 2.—(UP)—R. A. Bogie and his wife will be called before the Scott county grand jury to explain the death of their foster son, Harold Bogie, 16, who was found dead in a gas filled room Jan. 25.

The coroner pronounced the cause of death asphyxiation but when it was learned that the boy's life had been insured for \$10,000 a few weeks before his death an investigation was demanded. The boy left the Iowa soldiers' orphans' home here to live with the Bogies late in August last year.

At an inquest last night the boy's sister testified that he had told her he narrowly escaped asphyxiation once before—shortly before his death and police hope to prove that his foster parents had tried before to end his life.

# CORTEZ-RUBENS MARRIAGE CEREMONY TO BE REPEATED

Los Angeles, Feb. 2.—(UP)—Alma Rubens and Ricardo Cortez, film players, married at Riverside Saturday, must go through the ceremony a second time, according to court records revealed today.

Miss Rubens' divorce trial was heard on Jan. 26, 1925, but the interlocutory decree was not entered until Feb. 5, 1925. She cannot be legally remarried therefore until next Friday, according to interested attorneys.

Cortez declared he was dismayed as well as disappointed in the legal turn of events.

"I can't understand it," he said. "Of course, if necessary, we will get married all over again."

# CONVICTED FORGER MAY BE ESTATE HEIR

EDWARD C. KOESTER FILES A  
WILL SIGNED BY EDWIN B.  
JENNINGS

YOUNG MAN IS NEPHEW OF CHICAGO MILLIONAIRE, CLAIMS  
\$6,000,000 ESTATE

Chicago, Feb. 2.—(UP)—A convicted forger will receive a \$6,000,000 estate, if a will on file here is admitted to probate.

Edward C. Koester, now serving a 5 to 14 year term in the state prison at Marquette, Mich., filed a new and alleged authentic will which he says was signed by Edwin B. Jennings, millionaire Chicagoan, four years before Jennings' death in 1922.

A Chicago attorney represented Koester in filing the will. Jennings' huge estate has been the object of court battles for four years. A will filed soon after death which left most of his fortune for educational purposes was declared invalid and eight cousins have been fighting to be declared legal heirs. Other friends of Jennings have attempted to obtain a share of the estate.

In a petition accompanying the will Koester said he was a nephew of Jennings and that the will he offered for probate was signed in a Chicago hotel, October 3, 1918. One of the witnesses was a public stenographer at the hotel. Another was Lester Ensigna, Grand Rapids, Mich.

San Antonio, Tex., Feb. 2.—(UP)—Cadet C. A. Karnath, Brooks field, was critically injured today when his training plane crashed at Ft. J. R. Karnath's home is at Fountain City, Wis.

St. Paul—Miss A. La Valley living near Stillwater told south St. Paul police she had received letters threatening her life from Stanley Barneki of the stockyard town. The case will be turned over to federal authorities.

# Night Coughing Quickly Stopped

New Way Simple But  
Very Effective

Night coughing, with its distressing loss of sleep and dangerous sapping of strength and vitality, can now be almost instantly checked through a simple but wonderfully effective treatment that is economical, too.

This treatment is based on the famous prescription known as Dr. King's New Discovery for Coughs. For astonishing relief make this test tonight before retiring—Simply take one teaspoonful and hold it in the throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the real cause of night coughing. So with the cause removed, coughing stops quickly and you sleep the whole night through.

The Dr. King's New Discovery prescription is for coughs, chest colds, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Fine for children as well as grown-ups—no harmful drugs. At all good druggists. Ask for

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! How good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

# KING GEORGE OF ENGLAND THRONE SPEECH

GRATIFIED AT SECURITY SYSTEM DEVELOPED BY LO-CARNO PACT

London, Feb. 2.—(UP)—A substantial step in the direction of disarmament should now be possible as a result of the security system developments by the Locarno pact, King George declared in the king's speech from the throne opening parliament. The king declared among other things that Britain since autumn has shown signs of a revival of business, but added that the growth of confidence upon which a revival depends is being delayed by fear of industrial strife.

Perhaps significant to the outside world dependent upon British rubber monopoly for its tires and kindred products was the king's announcement of plans for the government to guarantee loans to develop British dependencies in East Africa, a land suitable to growing of rubber, coffee and cotton.

King George opened the session in state and it was the first public function attended by royalty since the death of Queen Alexandra 19 weeks ago. The Prince of Wales, owing to his broken collar bone, did not attend.

Order  
WHEREAS, Joseph A. A. Burnquist, the receiver herein, has filed in this court his final account and a petition praying that the court make its order herein to show cause if any there be why this court should not make its order settling and allowing said account and approving all of the acts and doings of the said receiver herein and discharging said receiver and his bondsmen herein and for paying out of the moneys on hand expenses of giving notice to all persons interested herein and for his expenses and expenses of his attorneys in attending said hearing and for such other relief as to the court may seem just.

NOW THEREFORE, upon reading and filing said petition it is hereby ordered that all creditors of said defendant and all of the stockholders of said defendant and all persons interested herein show cause if any there be before this court at the court house in the city of St. Paul in the county of Ramsey, state of Minnesota, on the 27th day of February, 1926, at 10 o'clock in the forenoon of said day or as soon thereafter as counsel can be heard why an order should not be made herein granting the relief prayed for in this petition and settling and allowing said final account of said receiver and approving all of the acts and doings of said receiver herein, and discharging said receiver and his bondsmen and allowing said receiver to pay out of the moneys now on hand in the possession of said receiver the expenses of giving notice and of his attorneys in attending said hearing and for such other relief as to the court may seem just.

It is Further Ordered that notice of said hearing be given by publishing this order once in each week for three successive weeks in The Brainerd Daily Dispatch, a legal newspaper published and printed in the city of Brainerd, Minnesota.

Dated at St. Paul, Minnesota, this 1st day of January, 1926.  
By the Court  
RICHARD D. O'BRIEN,  
205-37Tues District Judge.

# Dividends Regularly for 40 Years

Constant war on waste  
Products of first quality  
Uninterrupted dividends  
Stability of earnings  
Small profits per pound on large volume

The life history of Swift & Company's operations is thus briefly summarized.

The chemical laboratory and the constant search for improved methods have reduced waste to a minimum. They have also enabled us to improve greatly the quality of your meat.

Thrift and conservative policies have made it possible to pay dividends without interruption for 40 years, although our profits have averaged only a fraction of a cent per pound of product.

Swift & Company thrift has benefited others beside Swift shareholders. A portion of the gains resulting from thrift is passed along to the producers of live stock and to the consumers of meat. Competition sees to that.

SENIOR INITIATION  
MONDAY MORNING

The formal acceptance of seven students into the realm of Seniordom took place yesterday. Time: 8:30 to 9:00; place, the Senior room. An initiation of much originality and cleverness—concocted by the active minds of Gladys Holvick, Evalene Bloomstrom, Ray Nicholson and Marshall Young—was the means by which these seven were made a part of that superior group in Brainerd high known as the Seniors.

Master-of-Ceremonies Ray Nicholson started things going by sending Sheriff Marshall Young after Iva Trask who along with the six other unfortunate, Iva was brought before Judge Nicholson weak, trembling and almost in tears. She knew her offense had been a serious one, but not until she heard in the stern, unrepentant voice of the Hon. Nicholson did she realize the real nature of her act. His words were: "Iva Trask, you have been accused of assault and battery upon—A Geometry book. Have you anything to say?"

Iva seemed to know how futile words would be and so set the example of meekly accepting the sentence imposed and performed it bravely before the curious, excitement-seeking eyes of the assembled Seniors. Her sentence was to give a demonstration of the Charleston. This, however, was not all in store for poor Iva. A jacket of convict's stripes was presented to her which she was simply compelled to put on. A placard was placed on her back which had the inscription: "Senior Convict No. 2."

Following Iva's trial and conviction, Sheriff Young with the aid of Donald Marshall was dispatched in search of Maurice Borkon and Doris Storm. They returned in a few minutes with the two of them securely handcuffed. In that same stern voice Judge Nicholson stated the charge. And oh, the hard cruel sentence imposed on Maurice and Doris. Mr. Borkon was requested—no, compelled—to tender a proposal of marriage taking three minutes to Miss Storm before those aforementioned curious eyes and what was still more tragic—attentive ears. But he too performed his duty nobly and was graciously accepted by Doris. They too were clothed in convict garments and made to wear placards designating them as Senior prisoners.

The next unfortunate victim to be brought before the law was Alice Olson. Her crime was an innocently committed one, but the judge was no doubt in a hard frame of mind and did not lessen the punishment. For the offense of translating French with too much speed and accuracy, Alice was made to show the Senior girls how to get thin by going through exercises taken in gymnasium. After completing this sentence in a satisfactory manner, she received a striped jacket and a card showing her to be "Senior Convict No. 111113."

Floyd Fredstrom, Merlin Patton and Gladys Smith—all students who entered the Senior room late—were next on the list. Floyd was presented with a pair of rather small overalls while Merlin was given an Indian head dress and was told to put on his coat backwards. All of these orders were correctly carried out. Then the Senior janitor, Floyd, and the Senior water carrier, Merlin, were given two deadly looking swords and were ordered to fight a duel for the honor of the Senior room. A swift but bloody encounter followed with Merlin Patton coming out victorious, thereby gaining vast esteem in the eyes of the Seniors.

Last but not least Gladys Smith was given the choice of singing a song or of dancing the Charleston. She thought she was a better Charlestoner than a singer so another exhibition of that dance was given.

As final proofs of their eligibility to be known as Seniors, they sang—rather faintly, to be sure—"The Prisoner's Song," accompanied at the piano by Evalene Bloomstrom; and then very solemnly and with great show of feeling, they kissed the Great Spirit which has a place of honor in the southwest corner of the Senior room.

REORGANIZATION OF  
UNDERWRITERS CLUB

Because of the fact that the Underwriters club proved to be an aiding factor to last years Brainonian staff, it was decided at the last meeting that they would reorganize again. Gladys Holvick and Dorothy Deering are to have charge of them. The staff will be chosen by merits of composition. This club is very essential as it prepares them for work on the regular staff. The advisors feel that they have excellent material to develop. A large number enrolled and showed a decided interest which if kept up will aid the regular staff.

Sophie Brending should be given the credit of this idea, which proved to be effective last year. Under the leadership the underwriters worked up until the best of them now occupy positions on the regular staff.

If this club of '26 proves satisfactory it will be as necessary to the Brainonian as the staff proper.

## THE BURGER COLUMN

By HAM and LIM  
The problems of a modern Hamlet (with apologies to Shakespeare).  
To was or not to be, that is the question.

Whether 'tis nobler in the mind to Waltz or dance the Charleston.  
Or to take arms against a sea of dances and  
By opposing, end them. To waltz, to jig,  
To jig, perchance to jump, aye, there's the rub.

For in that dance of jigs what jumps may come.  
When we have shuffled off this Charleston craze,  
Must give us pause.

What would happen if—  
The basketball men were brought down a notch or two?

Beans Fisher and Went Hayes quit foolin' around at noon?  
The freshies looked intelligent?

Miss Schow lost her temper?  
Hippo Bane studied his lesson?

Ferne Lewis bobbed her hair?  
Frankie Fruth grew up?

Eleanor Gillette forgot to giggle?  
Bob Anderson got some pep?

Ben Benson sassed a teacher?  
Mr. Beresford wore stilts?

Bob White lost his cute fedora hat?  
Anyone laughed at this column?

Dear Ham and Lim:  
What kind of a noise annoys an oyster?

Answer—A great deal of research work has been carried on by the most prominent psychologists in the world along this same line (not a fish line). They at last feel that they have reached a decision which we forthwith hand over to you.

Professor Marchantia elucidates an obscure passage by annotation or by comparison of the following:

An oyster it covered by a cyanine thalmo-globin precipitating a mantle letia it would prevent antisialogogue or even the antispasmodic would affect the sacculus, cyclostomes and the otolithus.

Although we were affected by the Aurora Borealis on account of this pressing problem, we feel gratified that we can furnish the necessary innatism.

If you cannot comprehend the nature of our conglomerated ethnology, a Webster's dictionary should be consulted.

Yours truly,  
H. and L.  
P. S.—Thank you, call again.

Poets, Poets Everywhere  
And not a Verse is Written

The Freshmen and even the all-wise Juniors and Seniors were rather puzzled last week. Why? Well, you see they knew that Miss Bowers taught French and English II but it's a fact that no one suspected her of teaching the first and second grades. Now we Sophomores will enlighten them. That reading that was so musical and seemed to be the work of a first grade was not kindergarten. No, it was we, the Sophomores, learning to scan poetry. You know how it goes. Well, we do too, now. Many questions have been fired at Miss Bowers as to the whereabouts of this study but while the answers have been rather vague they implied that we would get an idea of the work of a poet and also would know how to write poetry if we ever tried it. From experience we know now how hard a poet works and certainly don't envy him.

MR. JOHNSON RECEIVES  
A GIFT FROM CLASS

The Chemistry class presented a gift to its departing instructor, Mr. Johnson, who left for St. Paul, last Friday after school. The members of the class took this means of showing their appreciation of Mr. Johnson as teacher from whom most of them acquired at least some knowledge of Chemistry and as an honest-to-goodness friend which all teachers really can be.

Son—"Dad, when I graduate I'm going to write for money."

Father—"Well, you ought to be quite good at it because it's all you have done since you've been in college."

Mr. J.—"Fritz, bring your gum up here."

Fritz—"Who, me?" (taking handkerchief out of pocket).

Helen B.—"Oh, the dirty hanky!"

Mr. J.—(shakes head).  
Fritz—"I'm not going to chew it again, Mr. Johnson."

Mr. J.—"I should hope not."

## ATHLETICS

## Little Falls Wins, 17-14

For the second time this year, Little Falls won over the locals. Last Friday was the second game which resulted in a 17-14 score for Little Falls. Three weeks ago the locals went down to Little Falls and led up to the last minute of play, then dropped the game to a Little Falls rally 22 to 20.

Many new men were seen in action on both teams last Friday. Fortier played his first game for Little Falls, and proved to be a great help to the teamwork and scoring of the downriver quint. Lowe, DeRoche, Koop and Wise were the new men that showed themselves for Brainerd.

Little Falls started the scoring by a free throw. Soon Brainerd followed by a free throw and a field goal. Hauser was then sent in for Mrozek for Little Falls. Brainerd added another field goal, while Little Falls tallied the same amount, the quarter ending 5 to 3, in Brainerd's favor. Shortly after the second quarter started, Brainerd added another field goal bringing the count to 7 to 3. With about five minutes left to play on the first half, Little Falls took advantage of a slump on Brainerd's part and counted three field goals and a free throw, the half ending 10 to 7 in Little Falls' favor.

In the second half there were several changes in Brainerd's lineup. Koop went in for Marshall at center. Marshall took Laurenz's place at forward and DeRoche went in for Lowe at guard. Little Falls counted twice from the field and once from the free throw line. The third quarter ended with the score 15-7 in Little Falls' favor. In the last part of the game Avery went back in the game. Wise went in the other forward position and Brainerd forged ahead toward the last but the whistle ended the scoring at 17 to 14 to Little Falls' advantage.

The following is a summary for Friday's game:

Brainerd—Lawrenz rf, Avery lf, Marshall c, Lowe rg, Tribur jr.

Little Falls—Bastien rf, Fortier lf, Mrozek c, Swintek rg, Keeler jr.

Field Goals—Lawrenz 2, Avery 1, Marshall 3, Bastien 3, Fortier 1, Hauser 2, Swintek 1.

Free Throws—Lawrenz, 1 out of 2; Marshall, 1 out of 3; Avery, 0 out of 1; Mrozek, 1 out of 1; Swintek, 1 out of 2; Keeler, 1 out of 2.

Personal Fouls—Avery 1, Lawrenz 3, Marshall 1, Hauser 3, Swintek 2.

Referee—Adams, of St. Cloud.

## Staples 26, Aitkin 6

The Staples basketball team continued their list of victories last Friday by defeating the Aitkin team on the latter's floor. The Staples team got an early lead which they maintained throughout the game. Aitkin was only able to count twice from the field while Staples counted eleven times making the score 26-6.

**Kent Whitlock Back in School**  
Kent Whitlock came back to school yesterday after an absence of four weeks. He was injured in the Wadena game before vacation, and was in the hospital for three weeks. He will be out for practice next Monday.

## Friday Games

The following are the games scheduled for the gym floors the coming Friday:

Staples at Little Falls.  
Aitkin at Crosby-Ironton.

Brainerd at Pine River.  
Crosby Seconds at Brainerd.

Crosby Girls at Brainerd.

**Bemidji 32, Crosby-Ironton 6**  
The Crosby-Ironton quint journeyed up to Bemidji Friday and met defeat 32 to 6. Bemidji's veteran team was too much for the range five. Bemidji defeated Brainerd earlier in the season 15 to 14 on Brainerd's floor.

## Brainonian Benefit

On Friday of this week there will be a double header, when the Crosby girls and second team boys come over to play our teams. This will be a benefit for the Brainonian Annual, which is in need of funds if it's to come out at the end of the year with all debts paid. Everybody turn out to see the games Friday and help the cause along.

## Zip Knicks

If you know what that term means you know more than a lot of people in this high school. For the benefit of those who do not have this superior knowledge, I will attempt to explain the term. They are a new addition to the girls basketball attire. To some of the players it was a much needed addition. They are dark blue flannel with a band of white silk braid up the side. Those zippers caused a good many "ohs" and "ahs." There now, I haven't even told you what they are. Never mind, they will be worn, for the first time next Friday night when the girls play the Crosby girls on the local floor. Let's go, everybody!

## Senators Again Defeated

The Senators and Pirates played a short preliminary to the Little Falls game on last Friday night. The Senators outplayed the Pirates, defeating them by the score 8-3. At the end of the first quarter the score stood 3-0

## THE TEMPEST

"Yes! she must be saved!" And with this, the courageous youth pushed forward with might and main, although the icy blasts tore at him and tempted to freeze him to death any moment. He could dimly see his "Lady Love" in the distance. He seemed to be closer than he was a few minutes ago but this he could not ascertain because of the terrible blasts of snow and ice that were continually tearing and raging about him. He knew that she must be near death from the cold for very few could survive such a terribly blizzard. He could see her frantically hold her cap and coat on as the gale tried to dislodge them. She could not have been more than three hundred feet away. So near and yet so far. He began to feel the cold gripping him in its icy hands. He looked up again and beheld her not more than two hundred feet away. This gave him new hope and he spurred himself on. He would have called but that would be useless. Then he looked again to see where she was and lo! there was a young man with this same lady. When he saw that his anger was aroused, and he would have slain the intruder on the spot, but just then—Herm Buscher turned into his house, leaving our hero, Bill Johnstone, to the fate of administering Viola Johnson the rest of the way home.

## Who? What? Where?

The Juniors certainly deserve credit for the way they are working to raise money. At every game they sell homemade candy, pop corn or Buono bars. There are some who say that the popcorn balls were so salty last time that there was a great demand for Buono bars, but you are not to believe everything you hear. Most of the work seems to fall on the girls, boys evidently not having the arts of cooking and selling.

Stewart Giles sprained his ankle while practicing basketball the other night.

Kenneth Bouna, who took his father down to Rochester, returned Thursday night. Ken finished his course in High last week and is considering a post grad course.

Mr. Johnson our chemistry teacher, resigned his position here and left Saturday for a similar position in Saint Paul.

"Kitty, Kitty, Kitty, anybody seen my cat?" must be the song of some person because there's been an awfully nice white kitty with blue eyes down in the lower hall for the last week. It seems to like Miss Oertings room best, or maybe it's the teacher, who knows.

Have you noticed those pictures on the bulletin board of Miss Mosier and Miss Huntley. They were taken in the year 1912 when they were both on the champion debating teams of their districts.

An appeal for Underwriters was issued Friday morning, and a goodly number responded. This club first came into action last year and proved very successful in running the paper while the regular staff, was busy with the Annual. They also form the regular staff next year, taking the place of the ones who graduate.

Mr. Johnson—regarding the white cat that visited the chemistry room—Don't blame the cat—it just got into the wrong coal bin.

A Junior meeting was held Monday night, Feb. 1st in Miss Mosier's room. A sleighride was the almost unanimous wish of all and the president consented. It is to be held Saturday of this week. Further details will be decided upon later.

Mrs. Stone, nee Miss Benjamin, our mathematics teacher of two years ago, is back at her old job again for a week. She is taking some of Mr. Johnson's classes and some of Mr. Shaumburg's.

The cheering last Friday at the Little Falls game was the best of any heard yet. Two bleachers filled to overflowing with students all cheered at the top of their voices, led by the cheer-leader John Fisher and his chief lieutenant Went Hayes. The cheering contributed to the fight of the Brainerd team to some extent.

## ALUMNI

Florence Band, '25, and Walter Engbretson, '25, both who are attending Hamline University, visited in Brainerd last week-end.

In the Senators favor. During the other three quarters the other team woke up and dropped in a few baskets making their eight points. They only played four minute quarters so they hardly got warmed up before the whistle blew. The girls are practicing hard for the Crosby game.

The lineup for Friday's game was: Senators—Turner rf, DeCaumaker lf, A. Storm rg, G. Renter lg, G. Alzant jr, B. Liners rg.  
Pirates—M. Michael rf, H. Beggs lf, K. Nolan rg, M. Jackson lg, I. Trask jr, K. Early rc.

PRACTICE FOR  
SENIOR PLAY

It's really too bad that everyone isn't able to "listen in" on at least one practice of the Senior class play. There are so many very clever things happening in the play and so many funny things occurring during its rehearsal that there absolutely could not be a dull moment.

Bob White himself could insure sufficient entertainment in his portrayal of a "grumpy," rather-old man. You see he actually can become very, very angry and can shout at the top of his voice, although he's ordinarily such a good-natured soul that this does not seem exactly possible.

All Brainerd high students know what a little charmer Evalene Bloomstrom can be. Well, as chief charmer in the "Charm School" which has many charming charmers, she positively couldn't charm more completely.

That's all we're going to tell about the characters now. Suffice it to say that they are all entering into the play with the proper spirit and intend to do their very best.

The other night at practice, right in the midst of an intensely dramatic Senior class meeting with all the commotion and disorder sometimes characteristic of Senior meetings in B. H. S., Sally Boyd, another little charmer says: "Get off my woman, sofa!" Needless to say, the dramatic effect was totally destroyed, and now Bernice Samuelson is on her guard.

They really do play a rather mean trick on Bob White, though; or at least Kenneth Olthoff, Margaret Jones and Evalene do. You know that "spiffy" new hat Bob's been wearing? Well, in the play both Evalene and Margaret are supposed to take Kenneth's hat—do you get that?—Kenneth's hat—and hold it tightly in their arms and in various other ways mistreat it. But Kenneth—smart boy! claims that it's too cold to wear a hat, so Bob of necessity must offer his and look on in an agony of silence while its very existence is seriously threatened.

Rehearsals are getting along just fine, though, and are an example of what this year's class play is going to be.

Tickets are out.

# JOE BUSH TO BOLSTER UP THE SENATORS

## FARRELL SAYS WASHINGTON IS GAINER IN DEAL

### YANKEES HAVE TO GAMBLE ON THEIR NEW IN-FIELD

### ST. LOUIS BROWNS UP IN RACE WITH IMPROVED PITCHING

By HENRY L. FARRELL  
(United Press Staff Correspondent)

New York, Feb. 2. — Prominent baseball men gathered here in large numbers for the golden jubilee dinner of the national agreement tonight are almost agreed that Pittsburgh, New York, St. Louis and Cincinnati are the strength of the National League and that Washington, Philadelphia, New York, St. Louis and Chicago are the factors in the American League.

With few exceptions all the major league managers are here and it is their opinion that the Pirates are the strongest club in the National League, with no vital weaknesses, that the Giants will be weak at short stop, if Jackson's leg does not get well and they lack strength behind the bat, that the Reds will be better with Wally Pipp on first base but need more power on the attack and that St. Louis is the dark horse of the race.

As far as the American League is concerned they are of the opinion that Washington is improved by the addition of Joe Bush and Johnny Tobin, but is in danger of collapsing from the effects of age, that the Yankees have to gamble on a new infield; that the Athletics need more speed; that the Browns will be up in the race with improved pitching and that the White Sox are dangerous if Moe Berg makes good at shortstop. Bill McKee, manager of the champion Pirates, indicated today that he was willing to make the race on the same team that delivered last year and that he has two great young players in Ryne and Waner. He does not want to trade Eddie Moore, but will accept a proposition for a star first baseman. John McGraw said he had been assured Jackson's leg would hold up. He would not comment upon the rumor that Walter Henline, star catcher of the Philadelphia Phillies would be with the team when the training season starts.

## CUYLER'S HIT WON A BASEBALL GAME

### With Three On and Two Out He Slammed a Home Run.

On August 7, 1921, Hazen (Ki-Ki) Cuyler, Pirate right fielder, who doubled with the bases full in the last game of the world series, was playing with Bay City against Saginaw in a scheduled game of the Michigan-Ontario league. It was the first game of a double-header and more than 4,000 fans were in the stands, about one-third Saginaw fans and the balance Bay City rooters.

To those who have observed the situation Bay City and Saginaw are intense friendly enemies in everything from industrial activity to baseball and back again. That day it didn't look so good for Bay City's "Wolves," for the Saginaw "Aces" were leading 2 to 0 and the third inning was all but over. Gillenwater, Saginaw pitcher, had two out. Then he hit Manager "Punch" Knoll. Kelly sent the manager to third with a double and then Bill Whaley walked.

Three on and two out—that situation faced Cuyler, who had been in a batting slump. Gillenwater steamed one over. Cuyler hit it over left field fence for the longest hit ever made in Clarkson park and the old ball game went right then and there. The game was won and the morale of the locals enhanced so that they took the second and Bay City displaced Saginaw in second place in the standing. A few days later he was sold to Pittsburgh for \$3,000.

Cuyler was born in Harrisville, Mich., and his first playing was with an amateur team of Flint, where he worked as a pitcher. His hitting inspired the manager to influence him to play in the field. He was in the D. & M. league, a semi-pro organization, when Bay City picked him up. Since Pittsburgh got him he played with Charleston, S. C., 1922, and Nashville, 1923.

### Labor Poorly Paid

The rate for skilled labor in Plymouth colony in 1630 was 16 pence per day. In 1633 master carpenters, sawyers, joiners, etc., were forbidden a wage in excess of 2 shillings per day, if they boarded themselves, or 14 pence, if boarded by their employers.

### Continents Connected?

Bones of great apes like those that still exist in Africa have been found in India, and some scientists believe that at one time there must have been a land connection between the two continents.

## LUTHERANS AND METHODISTS WIN GAMES YESTERDAY

### JUNIOR GAME GOES TO OVER-TIME PERIOD, EVANGELICALS LOSE

### THE METHODIST INTERMEDIATES SWAMP FIRST BAPTISTS 24 TO 4

GAMES TONIGHT  
7:00—Juniors: Methodist vs. First Baptist.  
7:30—Intermediates: Norw.-Danish vs. Swedish Baptist.

The Lutheran Juniors and the Methodist Intermediates won their games last night in the Sunday school league. The Junior game going to the Lutherans in an overtime period, 13-7, and the Methodists swamping their First Baptist rivals, 24-4.

The Juniors fought a good game, with each team showing class in different periods. The first half was 6-2 for the Lutherans. The Evangelicals came back in the second half to tie the score at 7-7. In the overtime period, the Lutherans scored within five seconds, on a perfect play, with Wade tipping the ball to Halvorson, who threw to Dahl under the basket, and Dahl scored the winning counter. Wade added one a later, and Dahl made a second basket shortly before the end of the period, the score standing 13-7 at the end.

The game was a battle between Halvorson, ace of the Lutherans, and Marshall, top notcher of the Evangelicals, with honors about even. Wade played a good game for the Lutherans.

Field goals—Otto Dahl 2, Halvorson 1, Wade 3, D. Clausen 1, Marshall 1, K. Clausen 1.

Free Throws—Halvorson 1 in 4; Marshall 1 in 5.

Methodists Win  
The Methodist Intermediate team swamped the First Baptists in a one-sided contest, 24-4. Ray Anderson, Hautala, Guin, Foster and Ralph Anderson were the stars for the winners. The team played as near as one man as any team has so far in the games.

Ray Anderson slipped by his guards to cage five goals, while Guin and Hautala each made two. Guin played the best free game, intercepting passes and showing a class that places him almost on a plane by himself. The work of the guards was commendable.

Keneth Storm gave a mighty battle to his heavier opponents. This player did some fine work against great odds, making three of his team's four points, and being in almost every play.

Field goals—Ray Anderson 5, Hautala 2, Guin 2, Storm 1.

Free throws—Ray Anderson 4 in 6, Guin 1 in 6, Ralph Anderson 1 in 1, Storm 1 in 6, Barnes 1 in 6, S. Schubert 0 in 3.

Scoring Records  
Two Lutheran players stand at the top in the scoring columns of the Junior league. Halvorson is head and shoulders above the others, with 26 points, and Wade is next with 16 points. In the intermediate division Carroll Guin of the Methodists is in first place, with 27 points, with Barnes of the First Baptists next with 24.

## ETIQUETTE ON LINKS AND COURTS FADING

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Feb. 2.—Golf and tennis, until recently, have been bound by the tightest code of ethics and the strictest form of etiquette of any of the more popular sports.

Consideration of the players on the part of the gallery always has been held as the ranking rule of the code. The demands sometimes went to extremes. Tennis officials in England will not permit the use of telegraph instruments in the press box and newspapermen have to work under protest in this country.

During the Wightman Cup matches at Forest Hills last summer, the crowd got away from the officials and gave a demonstration that was painful and shocking. The crowd openly razed the officials for several decisions on the court and turned on Helen Wills when the young champion was a little late in getting on the court.

It was pointed out at the time, however, that as long as the officials catered to the public, an undesirable element could not be refused admission and that the officials were somewhat to blame in assuming a patronizing attitude toward the guests.

The most conspicuous case of the year, however, was the experience of Macdonald Smith, the American golf professional, in the British open championship.

Smith was so far ahead finishing his last round that he was almost a cinch to win but he blew up when a crowd swarmed on the course. They were said to have been a party of picnicers who knew nothing about the etiquette of golf and they crowded so close around the players that Smith lost his partner several times, had his ball tramped into the ground and his nervous system so upset that he lost the championship.

## BLACKHAWKS AND RAINBOWS TANGLE TOMORROW NIGHT

### LITTLE FALLS TEAM COMING WITH STRONG BACKING FOR GAME

### BRAINERD LINE-UP ABOUT THE SAME AS FOR DULUTH GAME

The Little Falls Blackhawks will come to town tomorrow to battle the Rainbows, and fans who like fast clean basketball will have a chance to see one of the best games on the card for the rest of the season. The Little Falls team always give a good account of themselves when sent against some Brainerd team, be it basketball, baseball, football or golf.

The game tomorrow brings together these teams for the first time this year. The Blackhawks played the Y. M. C. A. Independents at Little Falls at Christmas last year, the Brainerd team nosing them out by a scant margin, and later in the year they played the Rainbows here. This game will mark their first engagement with a Brainerd team this season, and a hand to hand battle may be expected.

The townspeople of Little Falls always back their teams to the last ditch. Brainerd fans should turn out in good numbers and show the Rainbows that their efforts to bring fast teams to Brainerd are appreciated.

The men who will be in uniform are Ziebell, Larson, Bollens, Orth, Dieckhaus, Heikinen, Hanson, Day, Hagberg, and Beresford. Look this squad over and plan to see the game.

A preliminary game with the Flying Aces as one of the contestants will be played, the other team being a dark horse. This game starts at 7:30, and the Rainbows-Blackhawks game at 8:15.

### Indiana Ties With Michigan

Bloomington, Ind.—Indiana went into a tie with Michigan for second place in the Big Ten race by defeating Iowa 30-20. Bruckney of Indiana was the stellar light of the game.

ing from concussion of the brain as the result of a severe beating he received at the hands of Babe Herman here last night, police today sought to locate the fighter. His whereabouts are being kept secret by his friends and handlers.

A police detail today questioned Herman, regarding the mauling he gave Datto in the final rounds of their bout, which is said to have been the most brutal ever staged in a local ring.

## STRONG ALL-STAR AMERICAN LEAGUE CLUB IS SELECTED

### JOE BUSH OF ST. LOUIS PITCHER OF MYTHICAL TEAM

### HAD NO FIELDING ERRORS IN SEASON, SCORED 1000 PER CENT

Chicago, Feb. 2.—All-star American league teams, picked on a basis of batting and fielding leadership in 1925, offer an interesting study and contrast, besides contributing to the fame of two stars, Leon Goslin, of Washington, and Gordon Cochrane, of the Athletics. The two men topped their rivals in both departments of the game.

Selection of these teams from the official averages recalls an actual clash between similarly contrasting outfits in 1906 when the Chicago White Sox, then known as the "hitless wonders," played the Chicago Cubs, the then heaviest hitting team in the major leagues, for the world's championship.

The victory went to the "hitless wonders" but oldtimers say the credit belonged to a utility man of the White Sox who slammed the ball to all corners. He was George Rohe, considered a true member of the hitless squad until that momentous series.

Except for the pitchers, only players participating in more than 100 games have been picked on the batting and fielding all-star teams.

The line-up of the mythical nine with the highest fielding averages is as follows:

# "If I had only known"

Two women went out to buy a certain expensive labor-saving device for the home.

One was greatly disappointed when, a few days later, they compared notes. She had bought the same product that many of her friends had owned.

The other woman had secured a greatly improved, new product—costing less, but of much more value.

"If I had only known there was a better one," the first woman said, "I would never have bought this old one."

"I had just read about it in an advertisement," explained the wise buyer.

Every day you miss good news of an improvement in different articles of merchandise—unless you read the advertisements. They tell you of practically every worth-while invention—of every progress from the old to the new.

Read the advertisements—regularly. Know all about the thing you are going to buy before you buy it. It will save disappointment, money and time.

The better a product is—the sooner you'll see it in an advertisement

# COUNCIL POLICE STATUS IN COURT

Motion Passed Which May Bring Decision From District Court

## "CHIEF'S SALARY HELD UP"

Council Does Not Approve of Mayor's Appointment as Permanent Chief

The city council last night made possible a solution of the police situation by the passage of a motion which will undoubtedly bring forth a decision by the district court. The motion was to the effect that the salary of Roy N. Zierke as chief of police be allowed up to an including January 25, 1926, and that the city clerk be instructed to write him that his salary as temporary chief of police terminated with midnight, that date, for the reason that the council did not approve the mayor's appointment of him as permanent chief of police.

The motion was made by Alderman Quamstrom, and seconded by Alderman Elvig. Martin Anderson spoke on the question, and asked the chair to rule the motion out of order, on the grounds that the city charter gives the council no right to employ or to discharge any police officer, and asked the city attorney to give a ruling on the motion.

The city attorney stated that he was in accord with Alderman Anderson in regard to the powers of the council in employing or discharging police officers and also the statement that the matter had been too long discussed and should be settled, and that inasmuch as mention had been made of the fact that the motion would get the matter before a court, such result would probably be best for all interests concerned; that the charter was vague and not complete relating to the present situation and that not only would it be well for the present situation but for future interpretations to be made of the charter, that a court decision be had in the matter; that regardless of the small amount involved in wages between the 25th of January and date, if an interpretation that would be binding on all could be had on the charter relative to the police department, that it would be very much worth while.

The city attorney stated that his written opinion was his honest interpretation of the charter and that if the same was not correct, that the sooner the court determined that and established an interpretation, the better it would be for the mayor, council and all concerned.

For the above reasons, the city attorney ruled that the motion was not out of order.

The chairman then declared the motion in order, and a roll call was taken on the question. On the roll call, Aldermen Elvig, Lyona, Paine, Quamstrom, Ritari and Wesley voted aye, and Aldermen Martin Anderson, V. F. Anderson, Lewis and Holmstrom voted nay. The motion was declared carried.

## Milk Licenses Approved

All members were present at the meeting. The minutes of the last regular and adjourned meetings were read and approved. The report of the clerk of the municipal court for the month of January was read and on motion duly carried accepted and ordered placed on file. The reports of the police department, dairy inspector, and city nurse were read, accepted and ordered filed.

Applications for license to sell milk and cream were received from John Wolf, S. A. Stanley, and Matt Wolkoma, and the same were accepted, and licenses ordered issued.

The report of the Water and Light Board was read, and on motion duly carried, the same was accepted, subject to the approval of the finance committee of the council.

## Fire Truck Inspection

A letter was read from the General Inspection Bureau, Minneapolis, regarding the cost of inspection of the recently purchased fire truck. On motion of Aldermen Paine and Ritari this matter was laid over until the next regular meeting.

The council received a communication from the chief of the fire department making requisition for supplies for the fire truck. On motion of Aldermen Quamstrom and Wesley this matter was referred to the purchasing committee with power to act.

A communication was also read from the secretary of the Minnesota Tax Conference, which was also a notice of date of meeting. On motion of Aldermen Paine and Quamstrom, the president of the council was instructed to appoint a committee of three to attend the tax conference, which will be held at Minneapolis, Feb. 18 and 19, 1926.

## Thaw Rig Repairs

The chairman of the street committee reported the matter of repairs to the city thaw rig, recommending that the same be repaired by using the same wheels with bent axles, without cutting the axles. Motion was made by Aldermen Ritari and Paine that the recommendations of the committee be accepted, and repairs made accordingly. This motion was duly carried.

The chairman of the poor committee reported the matter of "Dad" Hutchinson, and the matter was left in the hands of the committee. In regard to the Baby Hoffman, whose parents formerly lived at Brainerd, but deserted her, the city attorney suggested that the city nurse make application to have the child committed to Owatonna. The matter was left in the hands of the city attorney to have application made. The

baby's father at one time conducted a shoe repair shop at 307 South 6th street.

The committee also reported receiving an application from an old man in Southeast Brainerd, the applicant being 72 years of age, and sick with asthma. The matter was left in the hands of the poor committee.

## Ole Anderson Employed

The chairman of the finance committee requested that a man be employed to take care of emergency work of the city during the winter months. All city help in the street department had been laid off and service could not be given in emergency cases. On motion of Aldermen Quamstrom and Holmstrom, carried, Ole Anderson was given permanent employment to care for all emergency work in the way of street and sewer work the year round.

## Rosewood Sewer

The city engineer presented the matter of the Rosewood sewer, in Southeast Brainerd, the proposed sewer to be 12 inch and extend toward 15th street. On motion of Aldermen Martin Anderson and Quamstrom, the aldermen of Fourth ward, the street committee, and the city engineer were instructed to call a meeting of residents affected by the proposed sewer, present the plan as proposed as well as a former plan, and report back to the council at a later meeting. The proposed sewer would cost about \$2,300.

The street committee requested the purchase of a slush scraper, and on motion of Aldermen Wesley and Lewis the matter was referred to the purchasing committee.

On motion of Aldermen Martin Anderson and Ritari, duly carried, the city clerk was instructed to bill the County Commissioners for amounts above the amounts received from the tax levy, according to state law.

## Water and Light Building

The city engineer reported the plan of the Water and Light Board to build a warehouse to house city implements, on city lots on west Laurel street. On motion of Aldermen Ritari and Martin Anderson the matter was referred to the City Property committee, the Finance committee and the city engineer, to meet with the board and report at the next meeting.

## State Paving Aid

The city engineer reported on the matter of reimbursement by the state to the city for the paving of Laurel street and South Sixth street. On motion of Aldermen Martin Anderson and Wesley, duly carried, the city engineer was instructed to meet with the state highway department and present the claim to be department.

The usual bills were allowed and the meeting adjourned about 10 o'clock.

## IN MUNICIPAL COURT

Mrs. June Burns Bound Over to District Court For Grand Larceny

Mrs. June Burns was given a preliminary hearing in municipal court today on two charges. The first was a charge of having unlawfully used a Ford coupe without the permission of the owner. On motion of County Attorney W. F. Wieland this case was dismissed by Special Judge Hayes.

The second count was for having stolen the car, a charge of grand larceny having been entered. A motion by the defendant to dismiss the case was denied. The defendant was bound over to the next term of the district court, with bonds fixed at \$5,000 until such time as the district court should fix bond.

## WHITTIER 6TH GRADE CLUB

Junior Citizens Present a Pleasing Program And Consider Red Cross Work

The sixth grade of the Whittier school had a meeting of their "Junior Citizens Club," which was organized last fall.

The officers are: President—John Woodhead. Vice President—Russell Nelson. Secretary—Helen Sheets. Treasurer—Gaylord Anderson.

The new business taken up was, community Junior Red Cross work and the exchange of pictures with foreign countries.

The business meeting was followed by a short program. Marion Maghan, Leona Schubert and Ralph Hallquist, were members of the program committee. The program was as follows:

A song called "The Bugle from the Fort," by eight members.

Amy Marken read a story called, "The Children of Mount Vernon."

Debate—Lincoln is a more popular hero than Washington.

Monday, February 1

Will be a day we will remember for a long time. Mrs. Gates and I came to Brainerd to live and to take over the H. F. Michael Co. store. It looked as though someone had been working hard all day Sunday to give everything a clean dress—beautiful white snow covered everything, the sun shone and everywhere all sparkled like diamonds.

We are sure that Feb. 1st is going to mark an important step in our lives and we will try to make this store one of the best places to trade in town.

## Ready Money---When It's Time to Pay

Taxes and Insurance Premiums must be paid regularly, but paying them with current funds is often difficult if not impossible.

A better way is to accumulate tax and insurance money in a Savings Account at the Citizens State Bank with deposits made throughout the year. When the time comes to pay, the money will be ready and waiting. Try this method and learn for yourself how much better it is.

**RAPID EASE OF CALL MONEY**—New York, Feb. 2.—(UP)—Rapid ease of call money, which dropped to 4 per cent compared with Monday's closing level at 5½ per cent furnished the groundwork for a good recovery in today's market. Professional attempts to extend the previous session reaction were balked when demand rates fell successfully to 4½ and 4 per cent after renewing at 5 per cent, the stiffest opening charge since the opening of the year.

This demonstration of the plentiful supply of funds available for speculative purposes intimidated the shorts and started a covering movement, which was helped along by fresh buying in many sections of the list. In view of the brief character of the money available at the end of the month, bankers expressed the view that borrowing rates would continue to work easier and the head of one of the largest lending institutions in Wall street was authority for the statement that 3 per cent call money would be enjoyed by April 1. This opinion encouraged groups engaged in speculating and advances occurred in Remington, Mack, Foundation and Texas Gulf Sulphur.

Canadian Pacific's sensational advance on foreign buying was the out-

standing feature of the rails while oils were stimulated by impressive strength of leaders like Maryland and Standard Oil of New Jersey.

The market closed higher.

HARRISON FORD AND MAHLON HAMILTON IN "THE WHEEL"

**Romance, Thrills and Action Abound in "The Wheel"**

Action, thrills and romance are promised in large and dramatic proportions when "The Wheel," the William Fox production opens at the Lyceum theatre tonight for a two day run. This picture, directed by Victor Schertzinger, was adapted

from the famous John Golden stage play by Winchell Smith. Montague Glass wrote the titles.

Chief dramatic interest in the story centers on the gambling propensities of one Ted Morton, hero of the picture, who is played by Harrison Ford, one of the screen's most popular leading men.

**COL. MITCHELL TO STUMP THE WHOLE COUNTRY**

**IN BEHALF OF HIS NATIONAL DEFENSE POLICY****TO OPEN CAMPAIGN IN NEW YORK CITY ON FEB. 10**

Washington, Feb. 2.—(UP)—Col. William Mitchell, now a private citizen, will launch his nation-wide stumping tour in behalf of his national defense policy in New York City on Feb. 10.

After several other engagements in the east he will speak in Buffalo on Feb. 21 and move from there to Pittsburgh, Detroit, Dayton, Cincinnati and Indianapolis, which he will reach in the first week of March.

Chicago, Milwaukee and St. Paul will hear him in the second week of March and about March 14 he will speak in Sioux City and Omaha, moving from there into Oklahoma.

**Tonight's Vaudeville Bill at the New Park**

Ronnie Sinclair and Sister open the vaudeville bill at the New Park tonight. This team offers a pleasing instrumental and dancing turn. They appear in Scotch kilts, play the pipes, drums, and finish with an acrobatic exhibition on the marimbanophone.

Young and Earnest is a snappy dancing team. The feminine half of the team displays a wonderful array of costumes. The imitation of a drum corps by Mr. Young and the triple clog dance by Miss Ernest are the outstanding numbers of their repertoire.

Martha Russell and Co. puts on a clever comedy sketch which introduces the new thought in spiritualism in a unique and novel manner.

Padgett and Lubin, these two boys do a black face, presenting comedy singing, dancing, harmonica, and finish with the ukelele blues.

Dura, Cross and Renee, two men and a woman, will offer an interesting acrobatic tumbling hand to hand balancing, and head balancing stunts.

The feature picture is Patsy Ruth Miller in "Girls Men Forget."

**Hall's Catarrh Medicine** is a Combined Treatment, both local and internal, and has been successful in the treatment of Catarrh for over forty years. Sold by all druggists. F. J. CHENEY & CO., Toledo, Ohio
